

CLAIMS

I claim:

- 5 1. A towbar for use in attaching a storage cart to a vehicle, comprising:
 a mounting base formed with a lumen;
 a left base extension having an attachment fork and slidable within
 said lumen;
 a right base extension having an attachment fork and slidable within
10 said lumen;
 a tongue assembly having a tongue and one or more tongue supports;
 a means for pivotally attaching said tongue assembly to said mounting
 base.

Title: "Towbar For Storage Carts"
